

HEY COLLEAGUE,

Are you ever bothered by financial concerns?

Many people have questions or worries about financial matters. Things like...

How do I balance out what I earn and what I spend?

How can I pay my high energy bills?

What should I do in case of late payment?

What is the best way to get out of debt?

What does my pension actually mean?

How can I save up money?

What benefits am I entitled to and how do I apply for them?

Good news! There's a phone number you can call to ask all your questions. For tips, advice, and a patient ear. Feel free to ask any questions you may have!

Call **moi.**'s financial helpdesk for free. All conversations are anonymous and strictly confidential.

073 - 822 7541
